Ford Global v. New World.  
Jury Notes

ON Patent NO. D.582,065 we consider that New World didn't willfully infringe because the patent is inconsistent with the actual product. Can you please clarify how we should proceed to answer question # 3?

Briana Ellis 11/16/18

If your answer to Question 1.k is "no," then you need to include the D'065 ~~pat~~ patent in your calculation of damages in Question No. 3. Your answer to Question 2.k does not affect the calculation of damages.
